Mr. John Purta
Arrow Road Construction Company
3401 S. Busse Road
Mount Prospect, IL 60056

Dear Mr. Purta,

John, I would like to start by telling you that we at Grand Pointe Homes feel fortunate to have built the trade relationship with Arrow Road Construction that has come in to existence over the past year.

It is our philosophy that a big part of success is measured by the relationships with whom we work. Arrow Road Construction has become an integral part of that. It has been a pleasure working with your company in each aspect.

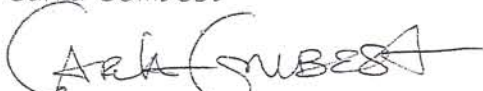

In each instance that I've needed anything from you, I've gotten it right away. When the county decided that they wanted our concerted project to start in one day, you went to all ends to make sure that it happened. I don't believe any one thought we would be able to pull it off and get started on the couple hour notice that we had, but you made that happen for us.

Our Field Manager has had nothing but good experiences with your superintendents, Terry & Kevin. Their communication with our field personnel and coordination efforts have kept each project running smoothly since onset. When we have run in to unexpected circumstances in the field, Arrow Road Construction has done what it takes to help in any way possible. The attitude from everyone in your company has been let's do what it takes and just get it done.

Our accounting team has not ever had one discrepancy or flaw with the billings. This process is like clock work each and every month.

John, I'd like to thank you for joining our team and make you aware of how refreshing it is to find a trade partner that is so easy to work with and performs at top quality while still being competitive. This is a relationship that will persevere and be appreciated by us all.

Sincerely,
Carna Combest

Land Development & Entitlement
